High security, energy efficient composite doors...

Solidor®

Sounds like a **Solidor®**

The Solidor Collection is an outstanding range of industry leading, solid laminate timber core composite doors that combine classical, modern or futuristic styling with a full range of Secured by Design locking, providing a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, they are nearly 10% thicker than most alternatives. Each unique solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins, so you will never have to worry about painting or varnishing your Solidor. These doors are exclusively available in the widest range of styles and frame colour options, (17 colours available, please see page 10) with the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access.

A comprehensive range of matching combination frames are available with either glass, matching composite side panel or quarter panels, that will complement the look of any property.

Solidor composite doors are manufactured to the highest standards. We hold BSI Kite mark accreditation, BSI ISO 9001 for quality management, BSI EN1279, Pas 23-24 for security and weatherability, CE Marking and a Secured by Design licence. We are also members of the prestigious Glass and Glazing Federation.

Rest assured that when you choose a Solidor you are enhancing your property with style.

Glass designs key

CTL - Traditional Leaded designs
CTB - Glass bevel designs
CSB - Sandblast designs

Liquid Lead and Glass / tiles - Diamond, Quad, Square, CRL, Jewel.

Liquid lead, sandblast and stainless / glass tiles - With all of the above, a Pilkington backing glass should be selected.

Potomac, Waikato, Royale, Clarity, Elegance, Prairie, Simplicity, Brilliante, Abstract, Infinity, Reflections - Are all triple glazed and have no optional backing glass.

The Solidor® Green Promise

At Solidor we are committed to doing our part in helping the environment, believing that the future of our planet is important, not only for ourselves, but for the future of our children. With many industry firsts already, we are always looking to pioneer greener products and methods.

That's why we minimise our waste and run an extensive recycling programme. We recycle all of our packaging, polystyrene, cardboard, PVC-u, timber, paper, aluminium and steel. All of the timbers used in our doors are harvested from forests which are managed to meet the social, economic and ecological needs of present and future generations.

TIMBER INSIDE

The **ONLY** Hardwood core composite door on the market

OUR GREEN INDUSTRY FIRSTS

- 100% recycled thermally efficient reinforcing system
- 5 chamber lead free thermally efficient profile
- Extensive recycling programme
- Door can be recycled at the end of its useful life, not destined for land fill
- Fully manufactured in the UK to minimise our carbon footprint
- Lead free door skins and edge banding

TIMBER CAN MAKE A SIGNIFICANT CONTRIBUTION TO SUSTAINABLE CONSTRUCTION

1. Wood is naturally renewable
2. It is independently certified to be sourced from sustainably managed forests
3. Doors with timber cores save energy
4. They last longer
5. They add to our quality of life
6. They have fewer environmental impacts than other materials

EVERY TEN MINUTES IN MALAWI, AN AREA OF FOREST THE SIZE OF A FOOTBALL PITCH IS BEING CUT DOWN

Solidor contributes to the ongoing growing of senna siamea seeds in small polythene tubes, which will provide a sustainable source of quick-growing fuel wood. We will donate one of these for every composite door sold.

EDGE BANDING COLOURS

White as standard, brown on Rosewood and Schwarzbraun when coloured both sides, caramel on Golden Oak and Irish Oak when coloured both sides.

OUTER FRAME OPTIONS

Which frame would you like? Choose from Kömmerling Chamfered C70 or Sculptured O70 outer frame.

* Due to the limitations of the lithographic printing process, colour samples may not be an exact match to actual doors.

11
Reasons to feel Safe & Secure

We understand, that knowing your home and family are protected, is a major factor when choosing your new doors.

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your property will be as safe as can be when you choose Solidor.

#1.
48mm Solid Timber Core

At Solidor, security and safety are amongst our highest priorities. Sadly a property is burgled in the UK every minute, but our 48mm thick solid timber core gives you the strongest and most secure option available in a residential door.

11 Reasons to feel Safe & Secure

Options & Upgrades

2
The highest Standard of Cylinder -

You will be glad to know that by upgrading to our high security cylinder, you will be protected by the benefits of - anti pick, anti drill, anti bump and anti snap technology.

3
Avantis Multi-point Locking

As standard we fit our exclusive Avantis Secured by design locking systems. With larger hooks for added strength.

4
Avantis Security Cylinder Guard -

This is the worlds only “twin” fix cylinder guard. Patented Secured by Design Cylinder technology. Anti pick, anti bump, anti snap and guarded.

8
The Largest Deadbolt in the UK

Our exclusive Avantis Secured By Design lock gives you the industry’s largest 25.4mm dead bolt for added security. It also has built in compression and dampeners to give the smoothest operation on the market.

5
Key operated Multi

If you’d like no handle on your door, why not upgrade to our key operated multi point lock?

6
Supreme security accreditations

Solidor have obtained the highest standards of security and quality. We are also members of the Glass & Glazing Federation.

7
Heritage automatic slam shut lock

The aesthetics of a traditional rim latch, but incorporating the latest high security multipoint lock, which activates and locks the door automatically once the door is shut.

Comes with a thumb turn cylinder as standard.

9
ProSecure High Security Door Handle

The ProSecure door handle, manufactured from a strong zinc alloy, has a wealth of features to provide enhanced security and visible protection. Secured by Design approved, the Police Preferred Specification logo is engraved onto the handle to act as a visual deterrent.

10
Control at your fingertips

Access and protect your property without a key!

Whether you use the remote control like your car, or enter your own 4-12 digit code into the built-in key pad, Yale keyfree couldn’t be easier to use - and because it’s brought to you by Yale, you know it’s technology you can trust.

11
Keyless Digital Lock

NO Keys, NO Hassle, NO fuss all you have to do is remember your own unique pin number.

The Yale Keyless Digital lock is secured by a mechanical nightlatch located on the inside of the door .

The Comparison

A typical foam filled construction

- Only a small section of the door is actually solid.
- Thermally great, but foam filled so not solid, nor secure.
- Gel coated GRP may be strong but it scratches very easily.
- Most other doors have frames containing lead stabilisers.
- The frames are only 3 chambers thick and use valuable steel or aluminium reinforcements.

Solidor® construction

- Lead free, 5 chamber profile with 100% recycled reinforcing.
- Thermally efficient Solid Timber Core.
- Robust through colour thermo plastic skins.
- Realistic wood grain effect or smooth finish.
- Optional integral mobility access aluminium threshold.

Other benefits of owning a **Solidor®** include:

Multipoint locking

A wide range of multi-point locking, so whether it is a standard handle operated, night latch and key operated multi or just a key only multipoint locking, security is never compromised.

Double & triple glazed units

Our double and triple glazed units are manufactured to BSEN1279 and are manufactured using 4mm toughened safety glass for our double glazed sealed units and a mixture of laminated glass and toughened glass for our triple glazed sealed units. Both have excellent heat retention properties.

Energy efficient reinforcing

Each door is manufactured using 100% fully recycled door frame reinforcing. As well as superior thermal performance. Werbar is also super environmentally friendly and out performs steel and aluminium when it comes to screw retention.

High quality furniture

We were the first company to embrace the Prolinea range of door hardware. This selection is highly contemporary and of a premium quality. Care instructions are always included with our letter plates.

Colour fastness guarantee

All of our doors have a guaranteed UV stable colour fastness. All of our Foiled products match, so that the door and the frame match together.

Trisys glazing cassette system

A premium glazing system, where fashion and function were viewed as being equally important. No screw hole plugs - Clean design on both outer and cover frames with classic crown molding and a handcrafted appeal. All of our glazing cassettes can re re-glazed if required.

French Doors

All of our designs, in all of our colours are available in a French Door option, with a range of handle options, encompassing a high security, adjustable, multipoint locking system. N.B Lever pad is appearance only, split spindle is not available on French Doors.

Available as inward or outward opening doors. Because our French door range is so vast, please contact us for the minimum and maximum sizes before you order your set.

NOTE: Available with UPVC and aluminium threshold on inward opening sets, and UPVC only on outward opening sets.

Flush, integrated two way lever, which throws the shootbolts and removes the need for a lever handle and cylinder to give the option to use our Italia Collection handles on both leaves, alternatively, go for lever operated!

Standard option is both doors to be lever handle operated.

* Available as inward or outward opening doors. As our french door range is so vast, please contact us or refer to the specification download on our website for minimum and maximum sizes before you order.

Stable Doors

All of our standard and many of the Italia Collection door styles are available as stable doors, in any of our colours on any side.

All of our stable doors come with a high security, fully adjustable multi-point locking system. They are also keyed alike, benefit from an internal thumb turn cylinder on the bottom half and have a latching security bolt as standard.

NOTE: Stable doors only available opening inwards

Side Panels

Complement your property with a full range of matching full height and half side panels.

Italia

COLLECTION

The Italia collection, from Solidor, is a new generation of truly contemporary designs which will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture which have been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

As with any product from Solidor, you can be assured of the outstanding quality of our solid laminate 48mm timber core composite doors which combine modern styling with high security locking systems.

Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes. It is possible, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of selvedge from the original glass plate.

Warwick Glass available in all of our doors

Abstract Glass available in the Pisa,Turin and Siena

Satin Glass available in all of our doors

This information is intended for illustration purposes only and may be subject to change for reasons beyond our control. As a consequence this brochure should be used for guidance only.

Peace of mind **guarantee**

Each Solidor benefits from an industry leading 12 year manufacturing guarantee, which covers all aspects of the door and multi-point locking mechanism.

All of our doors are manufactured to the highest quality standards. Having achieved BSI ISO 9001, BSI Kite marked for enhanced security, Pas 23-24 and Secured by Design accreditation, you can be completely confident that Solidor manufacture to only the highest standards. We use only the finest materials, hardware and accessories on our doors so we know every door we manufacture will look fantastic for many years. To keep your door looking at its best simply wipe down the door with a soft, damp, lint free cloth using mild, warm soapy water.

You should also help to keep your door furniture looking fantastic by polishing the handle and letter plate with a regular furniture polish or similar once a month.

Finally lubricate the working parts of the locking mechanism once a year. Our Prolinea Letter plates and handles carry a 5 year structural guarantee. Door knockers carry a 5 year structural guarantee, however looked after, they will last for many years.

Find your high security, energy efficient composite door, with the NEW Solidor App.
